

Loans are an important part of many students' college tuition solutions. All loans, including student loans, represent debts that must be repaid; however, most student loans do not require repayment until after you graduate or cease half-time enrollment.

Federal Direct Stafford Loans

All students who complete the FAFSA and are eligible to be considered for financial aid may receive a [Federal Direct Stafford Loan](#). This loan may be subsidized or unsubsidized (or a combination of each). It is borrowed and repaid by the student and the [interest rate](#) is updated annually.

- **Subsidized Loan** – the government pays the interest on this loan for you while you're in school. Students must have financial need to qualify.
- **Unsubsidized Loan** – you will be charged interest on this loan from the time the loan is disbursed to you. Financial need is not required to borrow this loan
